

Juniata College Class of 1960 – 40th Reunion – June 3 – 6, 2004

Other Activities

Many activities were offered to those attending Reunion Weekend – Alumni Classes, Tours of the Raystown Field Station, Peace Chapel and Campus, and a chance to stroll to places that hold special meaning to us all.

John Reeves lectured on “Seeing the Signals: Cellular Calcium Imaging”

Ron Smelser lectured on “The Holocaust in Perspective”

Ron Smelser and Lucy Cookson patiently wait for the van to the Raystown Field Station.

Bob Hoellein (right) contributed his 1960 Juniata Sports Bag and a number of Tomahawk (basketball) programs to Coach Curley (left). These items will be displayed in the Memorial Gym display case along with other sports memorabilia.

Before leaving campus on Sunday, John Reeves, Tom Werner, Mary Beaver Werner and Ron Smelser strolled to the Cliffs to recall some memories of visits there during their college days.

Classmate Terry Grove even found some “free time” to work on his latest “Eagle Scout” book. He and fellow Eagle Scout recipient Hal Yocum spent some time swapping scouting stories.
