

Hi Folks:

This is a picture taken of our little church choir immediately after singing our 35 minute Christmas Cantata on December 19th. People often ask what do you do when you retire? This is a part of my specific answer to that question. We have only 120 members in our church but as you can see the choir well represents that group with some wonderful voices as well; it is a lot of fun!

Merry Christmas to All - Marilyn and Rich
